Thank you Nancy. We heard from one of the regional staff members that some agenda items would be useful so they can be sure the Administrator is fully prepped for the meeting. With that in mind we put a few specific things down. We realize its a long list, don't expect to go in depth on anything in particular, perhaps flag for future conversations, but thought this might help.

- Thank yous (you have done some great things lately!)
- EPA priorities – what are you focused on, how can we help?
- Merrimack, Schiller, and Bridgeport NPDES permits
- City of Eliot Section 126 Petition
- Title V Permit for Schiller
- SO2 NAAQS SIP processes
- Carbon Rule – are you holding EPA regional stakeholder meetings, hearing any particular concerns from states?
- Ozone NAAQS and SIP processes – thoughts about using efficiency and renewable energy as a compliance mechanism?

Ms. Grantham,

Thank you very much for the quick response. We are very flexible depending on what dates and times work for you all, but is there any chance that the Administrator would be available on Tuesday, April 15th before 12 PM or after 2:30 PM? Josh Stebbins and some of our other staff will be in Boston that day already. I realize that may be a quick turnaround, so if we need to look later I can send some dates/times for May as well.

Thank you,

Mark

Dear Administrator Spalding,

We are writing to request a meeting with you and your staff at your earliest opportunity to discuss the pending Section 126 Petition before the agency as filed by the town of Elliot, ME.

As you are aware, the Sierra Club is monitoring the progress of the petition closely and we are seeking further clarification regarding timeline and next steps for the petition, as well as more information regarding the monitor that EPA plans to place in Elliot.

Additionally, a meeting will provide an opportunity to follow up on some of the issues discussed

in our previous meeting, including the timing for the finalization of the Mt. Tom and Merrimack NPDES permits, and EPA's plans for the Schiller draft NPDES permit.

Please advise of possible dates, and we look forward to meeting.

Attached is an agenda that Zachary Fabish, an attorney with the Sierra Club, sent me. Let me know if you have any changes/additions/subtractions that you think should be made to the agenda. Zachary still needs to check with some people about the time but he thinks this will be fine. Lastly, please forward to anyone you think I may have missed.

Thanks

Ida

Environmental Protection Agency Region I

5 Post Office Square – Suite 100□

Boston, MA 02109-3912

Dear Administrator Spalding,

We are writing to request a meeting with you and your staff at your earliest opportunity to discuss the pending Section 126 Petition before the agency as filed by the town of Elliot, ME.

As you are aware, the Sierra Club is monitoring the progress of the petition closely and we are seeking further clarification regarding timeline and next steps for the petition, as well as more information regarding the monitor that EPA plans to place in Elliot.

Additionally, a meeting will provide an opportunity to follow up on some of the issues discussed in our previous meeting, including the timing for the finalization of the Mt. Tom and Merrimack NPDES permits, and EPA's plans for the Schiller draft NPDES permit.

Please advise of possible dates, and we look forward to meeting.

Mr. Ling:

The Town of Eliot, Maine filed a 126 petition regarding the emissions of the Schiller Coal Plant in Portsmouth, NH., due to their concern that the Schiller emissions were impacting the air in Eliot. I spoke to Kate Melanson of your Region 1 office and she indicated (see below) that you were taking the lead on this. Do you have an update on the status of this petition? Thank you.

Dear Regional Administrator Spalding, Air Programs Branch Chief Conroy, Director Wayland, and Gobeail McKinley,

Please find attached a letter from the Sierra Club discussing the modeling underlying the Town of Eliot, Maine's Good Neighbor Petition pursuant to Clean Air Act Section 126, concerning SO2 emissions from Schiller Station in New Hampshire. Also attached are exhibits 1-3 and 5 to that letter. Exhibit 4, consisting of AERMOD modeling files, is too large to send via email, but all exhibits including Exhibit 4 are available for download at this link: <https://app.box.com/s/fj3021corb36ibwyoh0e>.

As a courtesy, the letter, along with the exhibits thereto, is also being sent to you via U.S. Mail.

The Sierra Club would also like to ensure that we send these materials to the proper people at EPA involved in addressing Eliot, Maine's Section 126 Petition, either at Region 1, OAQPS, or EPA Headquarters--could you confirm that the people addressed in this email are the proper folks for this purpose? Similarly, Sierra Club would like to arrange a meeting with the proper individuals to address these issues further--would that be possible?

Thank you, and please let me know if there is additional information I can provide.

Curt Spalding ☐

Regional Administrator ☐

Environmental Protection Agency Region I

5 Post Office Square – Suite 100 ☐

Boston, MA 02109-3912

Dear Administrator Spalding,

We are writing to request a meeting with you and your staff at your earliest opportunity to discuss the pending Section 126 Petition before the agency as filed by the town of Elliot, ME.

As you are aware, the Sierra Club is monitoring the progress of the petition closely and we are seeking further clarification regarding timeline and next steps for the petition, as well as more information regarding the monitor that EPA plans to place in Elliot.

Additionally, a meeting will provide an opportunity to follow up on some of the issues discussed in our previous meeting, including the timing for the finalization of the Mt. Tom and Merrimack NPDES permits, and EPA's plans for the Schiller draft NPDES permit.

Please advise of possible dates, and we look forward to meeting.

Very best regards,

James Bryan McCaffrey

Subject: Sierra Club letter regarding AERMOD modeling supporting Eliot, Maine's 126 Petition

Dear Regional Administrator Spalding, Air Programs Branch Chief Conroy, Director Wayland, and Gobeil McKinley,

Please find attached a letter from the Sierra Club discussing the modeling underlying the Town of Eliot, Maine's Good Neighbor Petition pursuant to Clean Air Act Section 126, concerning SO₂ emissions from Schiller Station in New Hampshire. Also attached are exhibits 1-3 and 5 to that letter. Exhibit 4, consisting of AERMOD modeling files, is too large to send via email, but all exhibits including Exhibit 4 are available for download at this link: <https://app.box.com/s/fj3021corb36ibwyoh0e>.

As a courtesy, the letter, along with the exhibits thereto, is also being sent to you via U.S. Mail.

The Sierra Club would also like to ensure that we send these materials to the proper people at EPA involved in addressing Eliot, Maine's Section 126 Petition, either at Region 1, OAQPS, or EPA Headquarters--could you confirm that the people addressed in this email are the proper folks for this purpose? Similarly, Sierra Club would like to arrange a meeting with the proper individuals to address these issues further--would that be possible?

Thank you, and please let me know if there is additional information I can provide.

Thank you Nancy. We heard from one of the regional staff members that some agenda items would be useful so they can be sure the Administrator is fully prepped for the meeting. With that in mind we put a few specific things down. We realize its a long list, don't expect to go in depth on anything in particular, perhaps flag for future conversations, but thought this might help.

- Thank yous (you have done some great things lately!)
- EPA priorities – what are you focused on, how can we help?
- Merrimack, Schiller, and Bridgeport NPDES permits
- City of Eliot Section 126 Petition
- Title V Permit for Schiller
- SO₂ NAAQS SIP processes
- Carbon Rule – are you holding EPA regional stakeholder meetings, hearing any particular concerns from states?
- Ozone NAAQS and SIP processes – thoughts about using efficiency and renewable energy as a compliance mechanism?

Hi Sara and Mike,

Stephanie will be back on Tuesday, Sept 2, according to her away message. I wanted you to also be aware of this meeting Sept 3. requested by the Sierra Club with the RA in Region 1 concerning the CAA Section 126 Petition (and several other Region 1 NPDES permits) in case you wanted to be part of the meeting.

I understand you are also out of the office this week, but in case you are checking messages, here is the request from the Sierra Club.

Dear Administrator Spalding,

We are writing to request a meeting with you and your staff at your earliest opportunity to discuss the pending Section 126 Petition before the agency as filed by the town of Elliot, ME.

As you are aware, the Sierra Club is monitoring the progress of the petition closely and we are seeking further clarification regarding timeline and next steps for the petition, as well as more information regarding the monitor that EPA plans to place in Elliot.

Additionally, a meeting will provide an opportunity to follow up on some of the issues discussed in our previous meeting, including the timing for the finalization of the Mt. Tom and Merrimack NPDES permits, and EPA's plans for the Schiller draft NPDES permit.

Please advise of possible dates, and we look forward to meeting.

Very best regards,

Patrick, I hope you are doing well. I left a vm for you this afternoon similar to Linda Landis's message yesterday. We were inquiring whether Sierra Club has filed suit against EPA concerning Sierra Club's Petition to Object to the Schiller Station Title V permit. The 60 day period on Sierra Club's Notice of Intent to sue EPA ran earlier this week, I believe. Would you mind sharing any updates in this matter, including whether a suit has been filed or if any discussions between EPA and Sierra Club have taken place (and, if so, the status of those

discussions)? If a suit has been filed or is filed in the future, I would be grateful if you would forward us a copy.

Thanks very much,

Subject: Schiller Title V and Sierra Club

Hi Vera,

Pat Bird received an inquiry from Schiller's attorney asking whether or not the Sierra Club has filed suit on EPA regarding the Title V permit. Spence Taylor, their attorney, said that he thought the 60 day notice of intent to sue was up this week. Pat thought you might know more.

Have you heard anything? I have not.
